If I sign the signature sheet, am I legally obligated to purchase this license plate? The petitions are not legally binding, but provide a method for contacting you with follow-up information, when the plates become available. Signatures also give the legislature a gauge of interest in a particular plate.

Can I sign a signature sheet for more than one license plate? **YES!** You can show your interest in purchasing multiple designs, and when available, you can purchase a different plate for each of your vehicles.

What, exactly, is a "Washington's Wildlife" license plate? It is a special license plate that will replace any current license plate you have on your vehicle. There will be a series of "Washington's Wildlife" license plates that will show a variety of animals including an elk, deer, waterfowl, black bear, and pheasant.

When will it be available? If adopted by the Special License Plate Review Board and the 2005 Washington Legislature, "Washington's Wildlife" license plates would go on sale January 1, 2006.

How much will it cost? For the first year, you would pay all license fees plus \$40 for your original application and all license fees plus \$30 to renew your special license plate registration each year.

Where will the proceeds go? Revenue generated from the sale of "Washington's Wildlife" license plates will be spent to improve management of Washington's game animals. Activities include, but are not limited to:

- Habitat improvements
- Improved population monitoring
- Population restoration and expansion
- Improved public access opportunities
- Improved educational materials
